

Interdisciplinary Graduate Program in
Molecular & Cellular Biology

Spring 2014 Workshop & Seminar Series

"Integrin-based strategy for sensitize melanoma to therapies"

Xiaowen Sun

**Molecular & Cellular Biology Graduate Student
DeMali lab**

"NLRP12 mediates neutrophil recruitment during pulmonary bacterial infection"

Tyler Ulland

**Molecular & Cellular Biology Graduate Student
Sutterwala lab**

**Please note
special time!**

**Thursday, March 27
1:00-2:00 p.m., 1289 CBRB**
